## Come Join Our Ages & Stages Program!

- Foster friendships among children with Down syndrome who are close in age
  - Create an atmosphere of collaboration among families

### Our Ages and Stages Play Dates are:

- Monthly
- Smaller than our all ages activities
- Geared toward children within a certain age range
- Hosted in someone's home

*Please contact our Ages and Stages Coordinator at [info@downinthesouthland.org](mailto:info@downinthesouthland.org) and put Ages and Stages in the subject field for more information.*

### **Mission:**

Down in the Southland is devoted to fostering the development of lifelong education, social and life skills among individuals with Down syndrome and their families in the southern suburbs of Chicago. We inspire community acceptance by providing education support and programs which will help our children increase their future skills. We impress upon society that people with Down syndrome are positive influences and are important, productive members of society.
